Stan Poff Wins 2015 NAHB Outstanding Industry Advisory Board Member Award

[Las Vegas, Nevada, January 20, 2016] – The NAHB Student Chapters program awarded Stan Poff, Outstanding Industry Advisory Board Member at an award ceremony held at the 2016 NAHB International Builders’ Show in Las Vegas in January.

A NAHB builder member serving on the Construction Management, Industry Advisory Board at a university/college is recognized for outstanding service and volunteerism. Student and industry relations is a vital part of the student’s educational experience.

More than 100,000 builders, remodelers, students, faculty members and suppliers packed the aisles at the 2016 International Builders’ Show, Design & Construction Week.

“Congratulations to Stan” said Jerry Howard, CEO of NAHB. “Stan demonstrates a dedication to the field of construction management and helping students achieve their very best at the University of Nebraska at Kearney.”

Mr. Poff is a Past President and has served on the board of directors of his local home builders association, Kearney Area Builders Association and state home builders association and the NAHB board of directors. Stan has been an avid supporter of the Construction Management program since its inception in 1991.

His role is to connect the association with happenings in the construction management program, as well as keeping the student chapter involved in the association. Stan donates thousands of dollars each year for students to travel to the IBS.

ABOUT NAHB: The National Association of Home Builders is a Washington-based trade association representing more than 140,000 members involved in home building, remodeling, multifamily construction, property management, subcontracting, design, housing finance, building product manufacturing and other aspects of residential and light commercial construction. NAHB is affiliated with 800 state and local home builders associations around the country and more than 150 student chapters. NAHB’s builder members will construct about 80 percent of the new housing units projected for this year.
